CHOOSE FREEDOM

- **Basic info G11:**

Discover the perfect blend of comfort and convenience in this remarkable living space.
With an open living area, a cozy bedroom, a well-appointed bathroom, and a fully-equipped kitchen, this space is tailor-made for your dream holiday home.
Indulge in these breathtaking views through the expansive, large sliding doors that seamlessly connect you to your own private balcony.
Don't miss the chance to make this your sanctuary for unforgettable getaways.

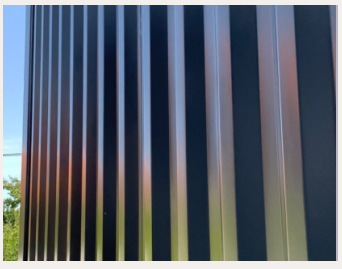
- **The unit is 30 sqm**
- **Dimensions:** 12,2 x 2,4 x 2,9m

Containers: Our primary choice for container units consists of new 20ft and 40ft containers. However, we also offer the option to utilize recycled containers for those interested in sustainable alternatives.

Construction and reinforcements: The process of cutting out and reinforcing the structure is crucial, and it requires meticulous execution for optimal results.

Thermal insulation: Our insulation features a polyurethane foam layer measuring 8-10cm in thickness. This advanced insulation offers three times the effectiveness of traditional options.

Doors and windows: Seven chamber triple glazed windows; thermal energy transmission: U_f=0.94W/(m^2K)



Painting and protection: These special colors have 5 year guarantee against rust.

Heating: Apart from the cost-effectiveness, this space-saving solution offers a delightful underfoot experience.

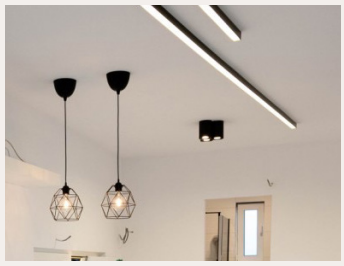
PREMIUM QUALITY

TOP 5 COMPANY AWARD

100% DESIGN WITH PASSION

Switches: Experience convenience with our modern Aling-Conel switches, designed for ease of use. Additionally, our homes include modular USB chargers, ensuring your devices are always powered up and ready to go.

Finishing: Our finishing touches involve the use of special drywall boards, resulting in a fine and smooth surface. We complete the look with eco-acrylic paint for a environmentally friendly finish.



Lights: Illuminate space with a combination of lighting options. Our container homes feature exterior LED lights for security and ambiance, interior IKEA LED lights for efficiency, and handcrafted lights.

The Urban Minimalist Case study

Living in a container home can have a profound impact on one's mental clarity and creativity. This unique living arrangement combines a simplified and decluttered living space with the freedom to personalize one's environment, fostering creative thinking and enhancing one's professional life. This blend of factors creates an environment that promotes productivity, innovation, and overall well-being.
